Pickleball Q & A

Here are a few interesting Pickleball questions and answers about rules to share.

Q: Is there a rule not allowing your shirt to be the same color as the ball?

A: There is no rule restricting the color of a pickleball player's clothing; however, a player may be required to change wet, extremely loose-fitting or otherwise distracting garments.

Q: What should you do if you are not ready to receive a serve?

A: The receiver must:

- Raise the paddle above his/her head
- Raise the non-paddle hand above his/her head
- Completely turn back to the server

Keep in mind that the signals are not valid if used by the server or receiver's partner.
