Delay opening of 12 noon on October 21, as we host the Susan B. Komen Race for the Cure.

MUSC Shawn Jenkins Children's Hospital

As the charity benefiting December's Holiday Classic Presented by Allstate Wally Burbage, we wanted to give you a glimpse about what the new hospital has to offer upon opening Fall 2019. Just last August the groundbreaking took place and now the construction crews are close to inserting the final steel beam to complete the framework. The interior floors are designed to tell a story floor by floor. The ground floor main lobby features *A Warm Welcome to the Lowcountry* with the first floor honoring *Heroes of the Lowcountry* including a public lobby, emergency, clinics, and imaging services. Walk on the second floor *Beaches* to find PICU and Surgery Prep. The third floor *Marsh* is home to PCICU, Cardiac Clinic, and Cardiac OR. Women's care found on the fourth floor highlights the *Lowcountry Arts*. *Springtime in the Lowcountry* fifth floor cares for the NICU patients. Administration/Mechanical on the sixth floor reflects the *Lowcountry Architecture* with Amenities on the seventh floor depicting the *Lowcountry Landscape*. The eighth and ninth floor *Cruising Around and Adventures in the Lowcountry* house the Acute Care Inpatient Unit with the tenth floor's *Rooftops Over the Lowcountry* home to the Cancer and Blood Disorder Center. Join in to help build the new hospital bigger and better in every way.
